Capgemini Infrastructure Services is one of the biggest outsourcing service providers in Poland. IS has achieved great success and grown rapidly since the establishment of our first service center in Krakow six years ago. In 2006, we opened a second center in Katowice. Today, our team of 2,000 professionals delivers IT outsourcing services to 40 clients in 20 languages.

Currently, to our offices in Katowice and Kraków we are looking for candidates for the position of:

## Junior Software Developer (.NET/C#)

### Job description

The scope of work is software development and engineering tasks on interesting projects mainly in Microsoft .NET technology. Employees will be involved in all aspects of software development lifecycle (requirements analysis, design, implementation, quality assurance, release management, early lifetime support) and will be working closely to the customers.

#### Technical skills

One year of experience or at least one university project in the area:

- Microsoft .Net Framework 3.5+ in general
- C# language
- ASP.NET MVC or/and WPF
- Entity Framework or/and ADO.NET
- MS SQL 2005/2008/2012 (TSQL queries, stored procedures)
- Web Services (WCF would be a plus)
- Knowledge of Team Foundation Server 2010/2012 would be a plus

#### Soft Skills

- Good written/spoken English
- Team player
- Self-driven
- Eager to learn new technologies
- Ready for challenges
- Self-motivated

#### What we offer

- Interesting and stable job in international team
- Competitive salary with attractive benefit package
- Intensive training package
- Opportunity of personal development in a multinational environment
- Free private medical care
- Flex benefits
- Additional life insurance
- Friendly working atmosphere
- Work on interesting global-wide, enterprise projects in multinational environment
- Opportunity to develop applications using the newest Microsoft .NET technologies and design patterns
- Work in young and ambitious team with Agile software delivery methodologies
